Foundmi tracker battery removal and replacement

Follow the below steps 1 – 6

Locate the back door

Apply pressure to slide the door up to unlock the back two tabs.

Once its loose, lift the door straight out of the back.

Locate the CR2032 battery. Notice the positive sign is on the top of the battery.

Lift the front edge of the CR2032.

Pull the CR2032 up out of the battery contact.

- Use only CR2032 batteries for the foundmi tracker.
- When replacing the battery always place the positive (+) side up. Refer to step 4 of the removal and replacement steps.
- When replacing the battery follow steps 1-6 in the reverse order.
- Your foundmi tracker is out of battery if pressing the button doesn't cause your foundmi to ring.

Setup and Pairing

Pair your foundmi tracker with your Device

Your foundmi tracker works together with your mobile device, so you'll need to pair them. The foundmi tracker uses Bluetooth Low Energy (BLE).

If you're pairing your foundmi tracker for the first time, make sure your device Bluetooth is turned on and your device is connected to mobile data or Wi-Fi. You need a data connection to complete setup.

How to pair:

- Download and install the foundmi app on your device, which can be found on the Google Play or Apple AppStore by searching "foundmi."
- Open the foundmi app on your device and follow the onscreen prompts..
- On your device, you will need to create an account in the foundmi app.

1. Launch the app
2. Tap 'Signup', 'Facebook', or 'Google +'

3. Enter your valid email address
4. Enter your name or desired username
5. Enter a password

6. Tap 'Submit'

- Once you have completed your signup, you can now pair your foundmi.

1. Tap the + icon in the center of the card to 'add foundmi'

2. Select the universe of your character by tapping on one of the licensed boxes.

3. Select your character.

4. Place your foundmi tracker close to your mobile device.

5. Long press the button on your foundmi tracker until it 'beeps' to start pairing.

6. You will receive a Bluetooth pairing request notification on your mobile device.

7. Tap 'Pair'

8. Name your character.

9. Tap the 'test' button to make sure you are paired.

10. "Is your foundmi ringing?" Tap yes or tap try again if it is not.

11. If it is not then follow steps G – J again.

12. If you tap 'Yes' you will be redirected back to the main page.

13. Pairing is now complete.

Removing a foundmi tracker

Remove your foundmi tracker from your mobile device

Follow steps 1-3:

1. Tap the 'i' icon in the top left corner of the character card.

2. Tap "trash can" icon in the top corner.

3. Tap "delete" to remove the foundmi from your mobile device.
